

BRAINCHILD®

Edward Brownlee, Principal
Hillcrest Continuation High School
310-680-5300
ebrownlee@inglewood.k12.ca.us

Hillcrest High School is located in Inglewood California under the landing path of Los Angeles LAX Airport. Hillcrest is a "continuation" high school. The very nature of continuation high schools is that the majority of the school population is behind, academically.

Dr. Brownlee, principal, says, "Hillcrest began using WebAchiever in 2004. **The student pass rate on the CAHSEE increased by more than 35% on the first "Post-Achiever" CAHSEE.** As the students gained confidence, more students had the confidence to take the CAHSEE. The students are using Achiever at home. Teachers are using Achiever to track students' progress and sharing the student reports with the parents. If a principal called and asked me about Brainchild, I would say, "Buy it now."

In 2005, Hillcrest achieved a 67-point increase (23%) in their API, the highest in Inglewood USD. Dr. Edward Brownlee was awarded Principal of the Year based on the academic improvements.

In 2006 Hillcrest achieved a 226-point increase (67%) in their API, the largest increase of any school in its district. Dr. Edward Brownlee was given the Education Excellence Award for Outstanding Leadership and Support for Children and Youth by the California Alliance of Black School Educators at the National Alliance of Black School Educators annual conference.

Hillcrest made AYP in all measured categories both years since implementing CCS Achiever.

School: Hillcrest High
 LEA: Inglewood Unified
 County: Los Angeles
 CDS Code: 19-64634-1934249
 School Type: ASAM High
