

Case Study: 100% Passing Rate

Study Buddy Improves Parental Involvement

“Study Buddies are always rated my top resource from our resource center. Parents are engaged with their students. As a result, every single student that has used Study Buddy passed the CRCT. One parent told me the Study Buddy helped her child with a learning disability pass CRCT for the first time!”

87% Free/Reduced Lunch

38% Mobility Rate

15% Students with Disabilities

Liberty Point uses 20 Study Buddy units for its Student Resource Center.

● Goal

Increase parental involvement and provide additional resources to struggling learners.

● Solution

Liberty Point Elementary implemented a program that allows parents to check out Study Buddies for their child and receive support and training from the school's Parent Liaison.

● Results

Every single student that used the Study Buddy passed the CRCT including a special needs student that never passed CRCT before. Overall school grades show significant improvement.
