

Case Study: Elementary Students Love Kineo

Students have 20% improvement in only 4 weeks

“We have already seen tremendous classroom improvement on many of the Alabama Course of Study standards. The data we receive is helping us in our data driven instruction. Kineo has given us an option for engaging our learners.”

590 Students
28% Free/Reduced Lunch

Verner Elementary uses Kineos for
2-3 hours per week in 3rd and
4th grade classrooms

● Goal

Looking for engaging tablet with exceptional built-in ARMT based content.

● Solution

Verner Elementary purchased 60 Kineos along with online Achiever! Verner globalSYNCs results on Kineos for datadriven instruction.

● Results

After first month of usage, Verner was able to achieve 20% gains in several standards and is looking into expanded usage.
