

Case Study: Summer School Gains

Kineo helps improve scores by over 20% for 17 TEKS

“At Weslaco, we have a long history of using Brainchild’s mobile learning devices with our students. Because of our past experience, we were very excited when Brainchild announced the new Kineo Tablet.”

Weslaco used 500 Kineos and Achiever! in their summer school program and with migrant students

● Goal

Needed a mobile learning solution that was built to STAAR standards and engaged migrant learners.

● Solution

Weslaco implemented 500 Kineos starting with their summer school programs and within their migrant population for 2011/2012 school year.

● Results

Summer School results show over 20% score improvements across 17 different TEKS standards.
